This chandelier features steel arms that curve upwards reaching from a center point at two different heights to create a double tier effect. The entire structure is finished in a bronze tone and is constructed with a seamless design. It's a modern take on a centuries-old classic. It holds eighteen exposed bulbs for maximum light. Damp-rated, although limited covered outdoor conditions may affect finish. Also available in antique brass (89105) and antique silver (89122).
